

ACCESSORIES

FAHL OPTICLEAR® ADHESIVE REMOVER

An adhesive remover wipe for laryngectomised patients

- Aids the removal of baseplate adhesives from the skin around the stoma
- A large non-woven cleaning wipe, soaked in an alcohol-based cleaning solution
- Adhesive residues are quickly and gently removed from the skin and absorbed by the wipe

ORDER REF: 33500 - PACK OF 30

FAHL OPTIGUARD® PROTECTIVE DRESSING WIPES

A preparative skin care wipe for laryngectomised patients when using base plates or additional skin adhesives

- Helps to protect against skin irritation to the skin around the stoma, which can be caused by skin adhesives
- Increases the adhesive power of the base plate adhesive
- Easily applied to clean skin: the skin is covered with a thin protective film which dries after a few seconds
- When changing a base plate, the film does not necessarily have to be removed but it can be easily washed off

ORDER REF: 33600 - PACK OF 30

FAHL OPTIFAHL® STOMA CLEANING WIPES

Cleaning wipe for the cleaning and care of the skin around the tracheostoma

- Soaked in a mild cleaning solution, containing natural and herbal ingredients
- Excessive skin oils, dirt particles and adhesive are gently removed from the skin with this soft and lint-free wipe
- Also available in a dispenser for home-use: the wipes can be removed easily and hygienically one-by-one from the dispenser

ORDER REF: 33200 - PACK OF 30

ORDER REF: 33260 - CONTAINER OF 60

BRUSHES & ACCESSORIES

BLOM-SINGER® INDWELLING CLEANING BRUSHES
