

*Do you struggle with your baseplate seal? Are you looking for a baseplate that will truly meet your needs, that has ...*

*“I usually use extra glue on a baseplate. During this trial I did not use glue because of the extra adhesion the (AccuFit) baseplate has ...*

*The (AccuFit) baseplate lasted up to two days before replacement was needed ... my usual baseplate would not last even one day without using the additional glue.”*

The NEW AccuFit® Adhesive Housings are available in three shapes to help you find ***your optimal*** baseplate fit

- A Better look?
- A Better stick?
- A Better fit?

*Introducing your best fit yet ...*

## AccuFit®

- For longer wear time
- Ideal for recessed stomas
- Works well with undulating skin around the stoma
- An ideal option for Hands-Free HME use

## AccuFit®

*AccuFit® Adhesive Housings are designed to be our strongest adhesive option while still maintaining flexibility. Its increased elasticity is less prone to tearing.*
